STUDENTS GRADE 1-8 RECEIVE SUPPORT FROM A COMMUNITY VOLUNTEER

ABOUT THE PROGRAM

The Wilson Branch Library tutoring program is a free program designed to give students extra help and practice in the areas of math, reading, writing, and general homework.

In partnership with the tutoring coordinator, a mutual time and day is decided together, and adhered to through the school year. The tutoring coordinator is your main contact for the program and is here to help you with any questions you may have throughout the season.

librarytutor@townofwindsorct.com

WHAT TO EXPECT

The tutoring program follows the Windsor Public School schedule. Students must be residents of Windsor to participate, though they need not attend Windsor Public Schools.

Students are asked to bring materials from school to work on with the tutor. Additional educational materials are abundant in the library and are exclusive to the tutoring program. Workbooks and worksheets that align with Common Core are available.

Tutoring is held on Mondays, Tuesdays, and Wednesdays, October - May.
